Our Bagels NYC-INSPIRED. GRAZ-MADE.

We spent over two years testing recipes to get that signature NYC bite just right: crisp on the outside, chewy on the inside.
Our dough is mixed, handrolled and slowly cold-fermented for extra flavour and the unique texture. After a chill night in the fridge, every bagel is boiled, baked and finished by hand.
See those little swirls? They're the telltale sign of a handrolled bagel – each one with its own little fingerprint.

ALLERGENS

Every bagel contains gluten (A). Our Sesame and Everything bagels also contain sesame (N).
We have a small kitchen, so traces cannot be ruled out. Ask us and we're happy to tell you all ingredients.
